## Guidelines On Recruitment, Selection, and Promotion to Higher Teaching Positions

General Guidelines:

a. The designation of sub-committees for the conduct of classroom observation shall take into consideration their understanding and knowledge of the PPST COIs, the recruitment and selection process, and the specific protocols on the conduct of classroom observations. They shall be comprised of trained COT assessors/observers with expertise on the learning areas/subject specialization being observed (e.g. Master Teachers in higher ranks than the position to be filled, Head Teachers, School Heads, Public School District Supervisors, Education Program Specialists/Supervisors).
b. There shall be two (2) to three (3) observers who will conduct the classroom observation. Observers must not be related to the applicant within the third degree of consanguinity or affinity.
c. Classroom observations shall be done in an actual classroom setting with learners,
d. In the event when an in-person/face-to-face conduct of the classroom observation is not feasible, the conduct of an online observation may be allowed, provided that the classroom observation protocols are observed.

Pre-Observation:

a. The applicants shall submit a copy of their lesson plan and instructional materials based on the identified indicators for the position applied for, for review and reference of the observers.
b. The sub-committee/observers shall discuss and agree on the appropriate indicator under Domain 3, it should be used for assessment of each applicant based on their specific classroom context.
c. The observers shall review the COT Rubric and the forms to be accomplished (i.e., Observation Notes Form, Rating Sheet, and Inter-Observer Agreement Form) prior to the actual conduct of the classroom observation.
d. The observers shall review and familiarize themselves with the lesson plan prepared by the applicant.

Actual observation:

a. The applicants shall be observed for the entire class period in reference to the submitted lesson plan.
b. Only the Observation Notes Form shall be brought and accomplished by the observers during the actual observation. The observers shall record in the Observation Notes Form their comments and observations on the applicant's performance.

Post observation:

a. The Rating Sheet shall be accomplished individually by each observer after the actual observation. (*Note: Only the teaching demonstration shall be rated. The lesson plan and instructional materials submitted to the observers shall only serve as reference.*)
b. Observers shall put on record under "Other Comments" of the Rating Sheet and Inter-Observer Agreement Form when the applicant's demonstration of any COI falls below the desired rating of 5 for Teacher II and III; 6 for Teacher IV-VII; 7 for Master Teacher I and II; 8 for Master Teacher III to V.
c. Only the subject specialist/s shall rate Indicator 1.
d. An Inter-Observer Agreement Exercise shall be done, whereby all observers discuss their reasons for the rating in each indicator. In case of different ratings, the observers shall come up with a final rating, which is **NOT** an average of their individual ratings, but a rating based on their **reasoned and consensual judgment.**
